Further Arrival Notices shall be sent 72, 48 and 24 hours before the Vessel's arrival at the Place of Supply. If the Contract is entered into less than 72 hours from delivery, Arrival Notices shall be provided daily from the date of the Contract. - 3.2 The Buyer or its appointed agent at the Place of Supply shall ensure compliance with all requests from the Seller or its sub-contractors concerning the Vessel's arrival.
- 3.3 The Seller shall at any time be entitled to cancel the Contract for the account and risk of the Buyer if the Buyer fails to provide Arrival Notices as aforesaid within the agreed delivery period.

Seller reserves the right, upon notification to Buyer, to adjust the Price after the date of the Order Confirmation to reflect any increase in costs to Seller not included in the Order Confirmation if necessary by raising an additional or revised invoice.

- 4.3** The Buyer shall be responsible for and shall pay and/or indemnify the Seller and its sub-contractors for any and all federal, state and local taxes, duties, fees, including but not limited to any VAT, sales taxes, GST, energy tax, motor fuel tax, withholding tax, import/export duties, and any other taxes, duties, fees levies or penalties (excluding corporate income tax) (hereinafter "Taxes") paid or incurred directly or indirectly in connection with the performance of the Contract. The rate of late payment charges shall be two percent (2%) per month compounded monthly for each month, or part thereof. The Seller may issue an invoice for late payment charges which shall be binding as to the amount due. The Buyer's obligation to pay late payment charges is not conditional upon invoice being issued.
- 5.8** If the Seller incurs any costs in relation to attempts to collect any overdue sums the Buyer shall indemnify the Seller for those costs and shall pay the same upon first demand. Such costs include but not limited to attestation and translation costs, fees of third party debt collection agencies, lawyer's fees and communication/postal costs.
- 5.9** Seller may from time to time without need for prior consent of Buyer, assign any of its rights under the Contract to any third party, including any member of the Group or any of its Affiliates, and the assignee shall enjoy and be entitled to exercise against Buyer any and all rights herein conferred upon Seller.

- 5.10** If at any time an amount is payable by Buyer to Seller, such amount may at the sole discretion of Seller be fully or partially paid by set-off against any amounts payable to Buyer by Seller, any member of Dan-Bunkering Group, and any Affiliate of Seller.
- 5.11** The Seller has unlimited authority and discretion as to the allocation of payments made by the Buyer and is not bound by any allocation advised by the Buyer. Without prejudice to the generality of the foregoing the Seller is entitled to (i) settle invoices for Products as it sees fit and irrespective of their date; (ii) extinguish claims for compensation, interest, legal fees or any other sums due from the Buyer in priority to invoices for Products.
- 5.12** The Seller shall have the option to terminate the Contract without liability to the Buyer and shall be entitled to claim immediate payment of all outstanding amounts and damages for any costs or losses arising from the termination, in the event of: (i) bankruptcy, liquidation, suspension of payment, or comparable situation of the Buyer; or (ii) any other situation, which in the reasonable discretion of the Seller is deemed to affect adversely the financial position of the Buyer.
- 5.13** The Buyer shall provide the Seller with no less than seven (7) days' prior notice in writing before making payment from an account belonging to a party that is not the Buyer. Under such circumstances, for verification purposes the Seller shall require the Buyer to provide details and relevant supporting documentation on the payor's full name, country of incorporation, registered address, line of business, relationship with the Buyer, and the reason why payment is being made on behalf of the Buyer. In the event that the Seller is unable to verify the payment and/or payor to its satisfaction, the Seller shall be entitled in its discretion to reject such payment and require the Buyer to make another payment from another duly verified account and/or payor.

- 14.3.1 Any breach of this Clause 14 will void the related Contract and in the sole discretion of the Seller any other Contract between the parties, making any claims for payment, delivery or any other obligation of the Seller under this Agreement void. The Buyer is liable for any and all costs or losses incurred by the Seller due to such breach and/or a Contract becoming void as a consequence.
- 14.3.2 Notwithstanding the above, if Seller is of the reasonable opinion that the Buyer has breached or will breach this clause, Seller may (without incurring any liability of any nature whatsoever) terminate or suspend all or any part of the Contract with immediate effect by notice to the Buyer or take any other action it deems necessary in order for Seller to comply with applicable sanctions. Any exercise by Seller of its right under this clause shall be without prejudice to any other rights or remedies of Seller under the Contract.

14.5 CODE OF CONDUCT

The Buyer acknowledges having read and understood the Seller's Code of Conduct (copy available upon request) and confirm that they operate their business under the same or similar standards therein.

15. ENVIRONMENTAL PROTECTION

- 15.1 The Buyer must comply with all national and international trading, pollution, environmental and health and safety regulations concerning the receipt and use of Products and shall indemnify the Seller for all financial consequences, including clean-up costs and fines, of a breach of this provision.
- 15.2 The Buyer and the Vessel shall promptly take all such action as is reasonably necessary to mitigate the effects of any Spill occurring during a delivery of Products. The Seller shall nevertheless be entitled to take or arrange such measures as it deems reasonable to remove pollutants and mitigate the effect of a Spill. The Buyer shall cooperate and render such assistance as is required by the Seller and shall indemnify and hold the Seller and its representatives harmless against any damages, expenses, claims or liabilities of whatever nature, unless such Spill is proven to be caused solely by the Seller's negligence.
- 15.3 The Buyer shall provide or procure all documents and information concerning any Spill for the Seller as the Seller may demand or as may require by applicable laws or regulations.

16. SUBSTITUTION

- 16.1 The Seller shall be entitled to substitute itself a third party for the performance of all or part of its obligations.

17. FORCE MAJEURE

- 17.1 Neither the Buyer nor the Seller shall be responsible for any loss or damage resulting from any delay or failure in delivery or receipt in Products hereunder due to fire, explosion or mechanical breakdown, storms, earthquakes, floods, tidal waves, war, military operations, national emergency, civil commotion, strikes or other differences with workmen unions, or from any delay or failure in delivery or receipt of Products hereunder when the supplies of the Buyers or Sellers or the facilities of production manufacture, consumption, transportation, distribution of the Buyer and Seller are impaired by causes beyond the Buyer's or Seller's control, or by the order, requisition, request or recommendation of any governmental agency or acting governmental authority, or the Buyer's or Seller's compliance therewith, or by governmental proration, regulation or priority, or from any delay or failure due to any causes beyond the Buyer's or Seller's control similar or dissimilar to any such cases. When such cause or causes exist, the affected party shall have the right, upon notice without delay as soon as practicable to the other of the nature and probable duration of such cause or causes, to restrict or cease deliveries or acceptance hereunder in a fair and equitable manner for the duration of such cause.

18. CANCELLATION

- 18.1 Where the Seller cancels a Contract due to the Buyer's breach of the Contract or conduct on the part of the Buyer entitling the Seller to cancel or the Seller establishing that sanctions are in force necessitating its withdrawal from a Contract then the Buyer shall have no recourse to the Seller and the Buyer shall be responsible for all losses, costs and expenses suffered by the Seller by reason of the cancellation, which shall include but not be limited to the Seller's loss of profit on the Contract, costs or charges reasonably incurred to the Seller's sub-contractors or suppliers, and administrative costs.
- 18.2 Where the Buyer cancels the supply after the Order Confirmation the Buyer shall be liable for any costs, expenses or charges incurred by the Seller and the Buyer shall be liable to pay to the Seller the difference between and the price payable to the Seller's supplier and its selling price to the Buyer, such sums to be paid immediately upon demand.

19. LAW AND JURISDICTION

- 19.1 These STCS and each Contract to which they apply shall be governed by the general maritime law of the United States of America, which shall include the Commercial Instruments and Maritime Lien Act ("together the General Maritime Law"). The state law of the State of New York shall also apply to these STCS and each Contract to which they apply, but only so far as is strictly necessary to govern matters not addressed by the General Maritime Law.

- 19.2** Any dispute arising out of or in connection with the Contract shall be referred to arbitration in London in accordance with the Arbitration Act 1996 or any statutory modification or re-enactment thereof save to the extent necessary to give effect to the provisions of this Clause.
- 19.3** The arbitration shall be conducted in accordance with the London Maritime Arbitrators Association (LMAA) Terms current at the time when the arbitration proceedings are commenced.
- 19.4** In cases where the claim or any counterclaim does not exceed the sum of USD 2,000,000 (or such other sum as the parties may agree) the arbitration shall be referred to a sole arbitrator.
- 19.5** In all other cases the reference shall be to three arbitrators. A party wishing to refer a dispute to arbitration shall appoint its arbitrator and send notice of such appointment in writing to the other party requiring the other party to appoint its own arbitrator within fourteen (14) calendar days of that notice and stating that it will appoint its arbitrator as sole arbitrator unless the other party appoints its own arbitrator and gives notice that it has done so within the fourteen (14) days specified. If the other party does not appoint its own arbitrator and give notice that it has done so within the fourteen (14) days specified, the party referring a dispute to arbitration may, without the requirement of any further prior notice to the other party, appoint its arbitrator as sole arbitrator and shall advise the other party accordingly. The award of the sole arbitrator shall be binding on both Parties as if the arbitrator had been appointed by agreement.
- 19.6** The parties to this Contract, which includes the Buyer's Agent and all other entities included under the definition of Buyer, are bound by this arbitration agreement, each to each other, and consent to the joinder or consolidation in arbitration of any party or arbitration necessary for the complete resolution of all disputes arising out of the performance of the Contract. Where disputes arise in relation to more than one Contract, the Buyer and the Seller consent to the consolidation of any dispute arising under this Contract with any other dispute arising under any other contract made between the Buyer and the Seller or any claim assigned to the Seller such that the arbitration proceedings can be initiated by a single notice of arbitration and settled by a single arbitration award. A joined party shall be bound by any award rendered by the arbitral tribunal even if such party chooses not to participate in the arbitral proceedings.
- 19.7** Nothing herein shall prevent the Parties agreeing in writing to vary these provisions to provide for the appointment of a sole arbitrator.
- 19.8** The 1980 United Nations Convention on Contracts for the International Sale of Goods (CISG) shall not apply.
- 19.9** Notwithstanding the provisions of Clause 19.2 to 19.6, the Seller may elect to commence court proceedings in any jurisdiction, either to substantively determine any dispute between the parties or to obtain security or other ancillary relief. Without limitation to the foregoing, where a court has ordered the arrest of a ship or other property the Seller shall be at liberty to elect that that court (or other court in that jurisdiction) shall have substantive jurisdiction. Where arbitration proceedings are commenced but a court assumes substantive jurisdiction in accordance with this clause, the arbitration proceedings shall be stayed.

ANNEX B – LNG TERMS

This Annex B sets out the terms and conditions of sale of LNG (the “**LNG Terms**”) which shall apply to all Contracts for sale of LNG entered into by the Sellers. These LNG Terms are supplementary to and to be read in conjunction with the STCS whenever there is a Contract for the sale of LNG. In the event of a conflict of terms between the STCS and these LNG Terms, the latter shall prevail but only to the extent needed to resolve the conflict.

1. Definitions and Terms

1.1. In these LNG Terms, capitalised but undefined words used shall have the meaning assigned to them in the STCS or, if no meaning assigned in the STCS, then the meaning assigned to them in the Directive. In the event of any conflict between these Terms and the STCS, the provisions of these Terms shall apply but in respect of the conflicting provisions only. In addition, the following words are hereby defined:

“**Compatibility Assessment**”: means assessment of compatibility between the Supply Equipment and the Vessel, which shall include in particular mooring, fenders, LNG transfer system, LNG bunker station configuration, crane reach, boil off gas management, protrusions, bunkering safety link for emergency shut down and communications.

“**LNG**”: means the LNG as specified in the Order Confirmation and any other auxiliary goods or services as stated in the Order Confirmation.

“**Shortfall Quantity**”: shall have the meaning set out in Clause 5.8.

“**Supplier**”: Means the physical supplier operating the Supply Equipment and physically delivering the LNG to the Vessel.

2. Quality

2.1. The Buyer shall have the sole responsibility of the nomination of LNG requested for the Vessel. Save as set out under Clause 3(b), the Seller excludes any express or implied warranties as to the fitness for any purpose, stability or compatibility of the LNG and the Seller provides no warranties in relation to the quality of LNG, save that the LNG shall be of such commercial grade as generally offered by Supplier to its customers. Any information regarding the LNG provided by Seller in data sheets, certificate of analysis or otherwise is only indicative and approximate.

2.2. The LNG supplied pursuant to each Contract shall, where a specification is stated in the Order Confirmation, be in accordance with the specification stated in the Order Confirmation. Where a specification is not stated in the Order Confirmation or an indicative only specification is stated in the Order Confirmation, the LNG supplied under each Contract shall be supplied on an “as is” basis.

3. Quantity and quality determination

3.1. The quantity of LNG delivered by the Seller to the Buyer shall be established according to the certified and approved custody transfer systems on the Supply Equipment which shall be conclusive evidence of the quantities delivered and shall be recorded in the Bunker Delivery Note which the representative of the Buyer shall be invited to sign. If the Supply Equipment does not have a certified and approved custody transfer system, the quantity shall be determined in accordance with the Supplier’s standard practices. The Bunker Delivery Note shall be binding evidence of the quantity delivered, regardless of the Buyer’s failure to sign the same. Measurements by any other means shall not be binding on the Seller.

3.2. The Buyer may request that an Independent Surveyor to supervise the measurement of the quantity of LNG by the certified and approved custody transfer systems on the Supply Equipment and shall issue his survey report on this basis. The Buyer shall pay the Independent Surveyor’s costs and expenses in relation to the supervision of the measurements of the quantity of LNG delivered. The quantity of LNG delivered shall be the quantity specified in the Order Confirmation with a tolerance at Seller’s option of +/- 5 % of the quantity specified.

- 3.3. The quality of the LNG delivered to the Vessel shall be determined by the reading of the on- line gas chromatograph on the Supply Equipment, or if such is not available in accordance with the measurement and testing principles and practices of the Supplier.

4. Compatibility

- 4.1. The Buyer is responsible for the compatibility between the Vessel and the Supply Equipment. To the extent that a Compatibility Assessment is required by the Supplier, the Buyer shall provide to the Seller, on a timely basis, with all reasonably necessary information required by the Supplier for the purpose of the Compatibility Assessment. The Buyer warrant that all information provided for the purpose of the Compatibility Assessment shall be correct and accurate, and the Buyer shall be solely responsible for compatibility between the Vessel and the Supply Equipment, including but not limited to communication systems, connections, emergency shutdown arrangements and mooring equipment, as a result of the information provided to the Seller for the Compatibility Assessment.
- 4.2. To the extent that a Compatibility Assessment has been made covering the Vessel and the Supply Equipment, the Buyer shall in good time prior to the formation of the Contract inform the Seller of any circumstances (including, without limitation, a subsequent change to the Vessel), which may impact the Compatibility Assessment or be otherwise relevant for the purposes of a LNG Delivery.
- 4.3. Notwithstanding the foregoing, the Buyer shall conduct its own Compatibility Assessment and shall be solely responsibility for the compatibility between the Vessel and the Supply Equipment, including but not limited to communication systems, connections, emergency shutdown arrangements and mooring equipment. Where the Supply Equipment and the Vessel are found to be incompatible by the Supplier or the Buyer, each party shall inform the other of the results of its Compatibility Assessment and work in good faith to achieve compatibility between the vessels. If the incompatibilities detected cannot be resolved which means delivery of LNG to the Vessel under the Contract would not, in the Seller's opinion, acting reasonably, be possible, then the Seller shall not be obliged to perform the delivery and shall be entitled in its sole discretion to terminate the Contract with immediate effect upon notice to the Buyer and claim damages in accordance with Clause 5.7.

5. Delivery of LNG

- 5.1. If the Buyer fail to make the Vessel ready to take delivery of the LNG within the Delivery Window, the Seller may in its sole option (i) agree to a new Delivery Time with any price and cost adjustment, or (2) terminate the Contract with immediate effect upon notice to the Buyer and claim damages in accordance with Clause 5.7.
- 5.2. Seller has the right to deliver LNG to Vessels on a first come, first serve basis or as per Seller's schedule and no guarantee of the time or rate of delivery is given by the Seller and Seller shall not be liable for any costs or losses, loss of time, loss of hire, or loss of schedule arising from any delay whatsoever. Where delivery is required outside normal working hours and is permitted by applicable regulations, Buyer will pay all overtime and extra expenses incurred.
- 5.3. The Buyer warrants at the time of delivery that the Vessel: (i) can safely receive the LNG; (ii) that the Vessel at the commencement and throughout the delivery is cold and ready to receive safely the LNG and at no point warmer than minus one hundred and forty degrees Celsius (-140°C) at the tank level for normal bunkering operations, and (iii) has all the certificates required to comply with all relevant regulations and applicable international standards relating to the delivery of the LNG at the delivery location.
- 5.4. The Buyer shall be responsible for: (i) providing a free side of the Vessel for the delivery; (ii) providing safe passage between the Vessel and the Bunker Tanker, and a safe means of access to the equipment for the

receipt of the LNG; (iii) making all connections and disconnections between the delivery hose(s) and the Vessel's intake pipe and shall ensure the hose(s) are properly secured to the Vessel's manifold prior to commencement of delivery; (iv) providing safe reception of the full quantity of the LNG contracted for without risk to the Seller, any agent, employee or the Supplier or to the property of any such party; (v) providing reasonable assistance of qualified staff to secure the Vessel moorings.

- 5.5. The Buyer shall at all times comply with all reasonable logistical, operational and safety requirements of the Seller. If in the Seller's opinion the Buyer does not comply with Clauses 6 (f) or (g) and the Vessel cannot safely receive the LNG at the agreed time or the Buyer and/or the Vessel is not acting in compliance with MARPOL Annex VI, or any other applicable laws, regulations or international standards, the Seller has the option to either: (i) suspend the delivery until, in the Seller's opinion, the Vessel can safely receive the LNG and/ or is in compliance with MARPOL Annex VI or any other applicable laws, regulations or international standards; and/ or (ii) cancel the delivery and terminate the Contract.
- 5.6. In the event the Seller suspends a delivery in accordance with Clause 5.5 (i), then in each case the Seller shall not be obliged to perform the delivery and shall be entitled in its sole discretion (i) amend the price set out in the applicable Order Confirmation to take account of increased or additional costs, including but not limited to any increase in delivery costs and/or prevailing market prices, and (ii) the Demurrage Rate.
- 5.7. In the event the Seller terminates the Contract in accordance with Clauses 5.5(ii), then in each case (without prejudice to any other rights or remedies which the Seller has under the Contract or at law) the Buyer shall indemnify and keep indemnified the Seller for any and all direct or indirect or consequential losses incurred by the Seller resulting from such purported cancellation, termination or failure, including but not limited to:
- i. any liability incurred to any third party;
 - ii. any difference in price between the Contract price and the market price at the delivery location on the date of such purported cancellation, termination or failure;
 - iii. losses, costs and damages associated with terminating, liquidating, obtaining or re-establishing any hedging arrangement, derivative transactions or related trading position;
 - iv. costs of selling any undelivered LNG including any losses due to boil off while awaiting replacement sale;
 - v. additional operational expenses such as pump-back fees, inspection charges and storage; and
 - vi. cost of time lost for the Supplier.
- 5.8. If the Seller fails to deliver, in whole or in part, the quantities of the LNG as specified in the Order Confirmation (such quantity which the Seller fails to deliver being the "**Shortfall Quantity**") for reasons other than delay on the part of the Supplier, a Force Majeure Event, the fault of the Buyer or the Vessel (including any breach by the Buyer of its obligations under the Contract), or adverse weather conditions, then the Buyer and the Seller shall use all reasonable endeavours to reschedule the delivery of the Shortfall Quantity. If it is not possible to so reschedule, the Seller shall have a reasonable time to arrange a replacement delivery of the Shortfall Quantity with a Compliant Fuel instead of LNG (converted for energy density where applicable), always provided that Seller's costs shall not exceed 110% of the Price of the Shortfall Quantity as stated in the Confirmation Note.
- 5.9. If, for any reason other than (i) Force Majeure, or (ii) reasons attributable to the Seller the Buyer cancels the delivery or fails to take delivery in full or in part of the quantity of LNG nominated in the Order Confirmation, the Buyer shall, the Seller shall be entitled to a compensation to a maximum of an amount equal to the contract quantity not taken multiplied with the Price plus the reasonable, direct and documented costs caused by such cancellation.

6. Incorporation of Supplier's Terms

- 6.1. The Seller will in all cases source the LNG from a third party Supplier. The terms and conditions of the sale and purchase contract between the Seller and the Supplier (the "Supplier Terms") shall be deemed to be incorporated into the Contract only to the extent expressly set out in this Clause 6.2 and the Buyer shall be deemed to have read, accepted and be bound by the applicable provisions within the Supplier Terms as if it were the buyer, and the Seller was the seller, under such Supplier Terms.
- 6.2. If the Supply Terms contain:
- i. a shorter time limit for the doing of any act (other than termination of the Contract), or the notification of any claim, then such shorter time limit shall be deemed incorporated mutatis mutandis into these LNG Terms;
 - ii. different measurement or quality determination procedures in relation to the LNG being delivered pursuant to the Contract, then such measurement or quality determination procedures shall be incorporated into these LNG Terms;
 - iii. any exclusion of liability provision, then such provision shall be deemed incorporated mutatis mutandis into these LNG Terms, providing it only applies to further limit or exclude the liability of the Seller; and
 - iv. any greater tolerance relating to quantity of the LNG to be delivered, then such tolerance shall be incorporated mutatis mutandis into these LNG Terms.
- 6.3. A copy of the relevant provisions from the Supplier Terms that are deemed to be incorporated into the Contract shall be made available to the Buyer by the Seller upon request.
